

## **Subject: Support our FLL team, Gifll's journey to the FIRST Championship in Houston!**

Hey there! 🙌

We're Gifll, a team of passionate young tech enthusiasts from Denmark who love all things STEM! We've been building robots, tackling real-world challenges, and competing in FIRST® LEGO® League (FLL) tournaments since 2019. 🚀

This year, we're super excited to have won the Danish FLL 2024 Finals and qualified for the FIRST Championship in Houston, Texas! 🎉 It's a huge opportunity for us to showcase our skills and innovative solution for this year's "SUBMERGED" challenge – our "FLLOATER" app that helps combat the problem of ghost nets in our oceans. 🌊

To make this dream a reality, we're reaching out to companies like yours who share our passion for talent, technology, and innovation. We're hoping to find sponsors who can help us cover some of the costs associated with our trip to Houston, such as travel, accommodation, and materials. ✈️🏠

### **Why sponsor Gifll?**

- **Invest in the future:** By supporting us, you're directly contributing to the development of future STEM leaders.
- **Gain visibility:** We'll proudly display your logo on our team apparel and at our booth in Houston. We'll also feature you on our website and social media channels.
- **Inspire the next generation:** Join us in promoting STEM education and encouraging young people to pursue their passions.

We're a dedicated team with a proven track record of success, and we're confident that we can make a positive impact in Houston. Any amount you can contribute would be greatly appreciated! 🙏
